BRIT HOLIDAY PARTY BIG SUCCESS

The first holiday party for the members of the Fresno area British sportscar enthusiasts was held recently at the foothill residence of French members, *The Molineauxs*. Their chateau was appropriately decorated with Christmas items, complete with a model train running around a beautiful tree. For the measly price of a U. S. greenback, you could gain entrance and enjoy the hot and cold Hors d'oeuvres and sweet stuff made by the

membership, as well as a choice of liquid refreshments. The party was billed to be from 3 PM til the beer runs out, but I understand that the beer never did run out. This should happen on a hot summer day. Many of the partiers came in their late model autos (no BMW's this time), but a few did brave the cool weather and drove their sports cars on very dry and smooth pavement. There weren't even any bugs to get on the windscreen! Getting in and out of the *Molineauxs* driveway did, however, present a small challenge for these low

riding vehicles. Does everyone still have their muffler? Just before dusk, several deer arrived in the back yard. They seemed quite content to just graze on the manzanita. We were not told if these particular deer had special names, but except for the lack of antlers, they did bear close resemblance to those that follow "Rudolph". It was a thoroughly enjoyable party, so a special thanks to Debilyn and Kevin for hosting this wonderful event.

SPONSOR OF THE MONTH

JOE BABA OF ORIGINAL DUPLICATES IS SPONSORING THE NEWSLETTER THIS MONTH.

SOME OF US MAY KNOW, AND SOME OF US MAY NOT KNOW, THAT JOE HAS MOVED TO A NEW LOCATION (THE LAST ONE IS BEING TURNED IN TO A FREEWAY). HE HAS FURNISHED US WITH A AD WITH ALL THE UPDATED INFORMATION.

BRITISH CAR CLASSIFIED: (You probably don't need it, but then, who really needs a British Sportscar anyway?) Since a phone number is now listed in the newspaper, we have received several calls from people who are actually (gasp!) selling their cars. Let us know if this is appreciated or just a waste of a Spotted Owl's home.
