SPONSOR OF THE MONTH

GRASSROOTS Garden Center, Dan Dunham graciously accepted to sponsor this Newsletter (I'm sure his arm will his arm will be fine). At our last meeting Jerry and I were asking Dan questions about a Drip systems for our place in the Ranchos. He has a lot of good logical ideas, such as a filter to catch the sand that comes from our well, extends the life of a drip system. We ask Dan out to our place to get an estimate of what we would be looking at as far as equipment to set up a good efficient system. He talked to us about valves, manifolds, schedule 40, pop-ups, and timers, when he got to the part about digging ditches I split.

IF YOU WOULD LIKE TO CONTINUE RECEIVING OUR NEWSLETTER, WE WOULD APPRECIATE YOU SENDING \$ 2.00 FOR EXPENSES. YOU CAN BRING IT TO THE NEXT MEETING, IF YOU ARE SENDING A CHECK IT NEEDS TO BE MADE OUT TO CAROL LANIGAN OR DEBILYN MOLINEAUX, OUR ADDRESS ARE LISTED. THANK YOU.

If you are interested in the BIG SUR CAMP-OUT sometime after Labor day, please call Carol & Jerry Lanigan, or come to our next meeting we are going to discuss a date.
