The British Sportscar Enthusiasts were represented at the Moss British Car Festival in July! The Lanigans and Molineauxs trekked their way through the scorching valley heat to the coast, only to drive inland again. Setting up tents in the dark, mutterings were heard about who knew how to do what...and what else they should do with the tent pole. By morning, the sun was shining and a shopping experience was in the works following a short drive to Solvang. (Running out of gas on the way.) Other festivities included a Wine Country "fun" rally, (especially by the fifth winery, which was very removed from the main road...), the Funkhana (Kudos to Carol Lanigan who finished in 2nd place!), the Santa Ynez Rally and an autocross course. The Sunday car show attracted hundreds of cars and spectators. Moss gave away prizes from event sponsors, and Kevin Molineaux won a new convertible top. The MGB he drove to the festivities is no longer topless!

Glen Pearson and British Auto Store are this months newsletter sponsor. They recently relocated to the Clovis Ave. & Shields Ave. area, behind Duncan Ceramics. Stop in and say "Hi!".

Joe Baba and Original Duplicates are also relocating. Look for their new address in next months' newsletter.

Welcome to new members Paul Hansen and Clip Layton! Paul is the proud owner of a 1971 TR6, while Clip has a whole herd of Morris Minor's and Pick-ups, MGB's & Midgets. Clip has several classified ads, if anyone needs another toy!
